Hints:

At the end of a year of life that changes the membership fee, the "old contribution" still applies in the year of the change.

No work contribution is charged in the year of application. Thereafter, each member will be credited with 5 h at EUR 10,- for each hour worked. Young people from 14-18 years are credited 2.5 h at EUR 10,- per hour worked.

Only the working hours entered in the workbook in the following contribution year are taken into account. The workbook is kept in the TCE clubhouse. Each member is responsible for the proper registration.
